Dementia Live® sessions from 4-5pm

Presentation from 5-6pm

**Where: Superior Public Library**

Join us for this unique, two-part educational event starting with Dementia Live®, a dementia simulation experience that immerses you into life with dementia, resulting in a deeper understanding of what it's like to live with cognitive impairment and sensory change. Following the experience learn from the Alzheimer's Association about the impact of Alzheimer's; the difference between Alzheimer's and dementia; stages and risk factors; current research and symptom management/treatment; and resources available to individuals impacted by dementia.

*All are welcome to take part in one or both of these **free** educational opportunities. Contact Carrie at the ADRC at 715-395-1234 to RSVP and sign up for a Dementia Live® timeslot.*
