8.7 Communication: What Provider Can Expect from MCO
A strength-based, collaborative relationship with providers is one of the most effective means to achieve positive outcomes for Inclusa members. To ensure a true partnership with Inclusa providers, Inclusa staff are expected to:
- Consistently maintain respectful communication and relationships.
- Respond to provider phone calls and emails within one (1) business day of receipt unless staff are out of the office and an expected date of return is communicated via Inclusa’s phone or email messaging system.
- Arrive promptly for scheduled meetings and contact providers as soon as possible when a meeting must be delayed or cancelled.
- Identify themselves and their role with Inclusa to staff of provider agencies through an introduction and by wearing a Inclusa ID badge.
- Communicate anticipated contacts with a member to provider staff in advance of the planned visit to ensure the member, and any staff needed to assist with the discussion, are available.
• Show consideration and respect for facility or provider agency staff by informing them of Inclusa staff presence upon arrival when an unplanned visit is warranted.
• Consult with providers when member-specific information is needed, especially in situations where the member may not report accurate information and family has limited contact. Many providers have daily contact with members and can readily report changes that help staff to accurately assess changes in a member’s functional abilities or needs.
• Inform the member that he/she can invite representatives of provider agencies to be part of the Interdisciplinary team, if desired.
• Encourage the member to invite appropriate providers to participate in six-month and annual review meetings or relevant portions of review meetings.
• For members who are not receptive to provider participation in review meetings, consistently update providers of new information needed to ensure the provision of appropriate services and supports.
• For members receiving residential services, offer the provider a copy of the Member Centered Plan and relevant updates.
• Inclusa IDT shall inform Provider within five (5) business days if/when there is a change in the assigned Community Resource Coordinator or Health & Wellness Coordinator for a member.

9.0 Quality Assurance

9.1 Purpose
Inclusa quality assurance activities are a systematic, departmental approach to ensuring and recognizing a specified standard or level of care expected of subcontracted providers. These methodologies are established to review and inspect subcontracted provider performance and compliance.
Inclusa will measure a spectrum of outcomes against set standards to elicit the best picture of provider quality.

Inclusa provider quality assurance practices:
1) Establish the definition of quality services;
2) Assess and document performance against these standards; and
3) Detail corrective measures to be taken if problems are detected.

It is the responsibility of providers and provider agencies to maintain the regulatory and contractual standards as outlined in this section. Inclusa will monitor compliance with these standards to ensure the services purchased are of the highest quality.

Resulting action may include recognition of performance at or above acceptable standards, working with the provider to repair and correct performance if it is below an acceptable standard, or action up to termination of services and/or contract should there be failure to achieve acceptable standards and compliance with contract expectations.

9.2 Quality Performance Indicators

• Legal/Regulatory Compliance- evidenced by regulatory review with no deficiencies, type of deficiency and/or effective and timely response to Statement of Deficiency
• Education/Training of staff- Effective training of staff members in all aspects of their job, including handling emergency situations. Established procedures for appraising staff performance and for effectively modifying poor performance where it exists.
• Performance record of contracted activities-
  o tracking of number, frequency, and outcomes of Inclusa Incident Reports related to provider performance
  o tracking of successful service provision (member achieving goals/outcomes, increased member independence and community participation, etc.)
