

Scope of Service

Community Supported Living

This Scope of Service defines requirements for this service type for the iCare Family Care (branded “Inclusa”) and Family Care Partnership programs

Family Care Partnership: Attachment to Description of Long-Term Care Provider Services and Payment
Family Care Only (If applicable): Appendix N to Subcontract Agreement

Purpose: This document defines requirements and expectations for the provision of subcontracted, authorized and rendered services. The services shall be provided in compliance with service expectations in the Agreement and Wisconsin licensing and certification standards, as applicable. Provisions of this Scope of Service supersede any other agreements, including agreements between the Enrollee and Provider, such as intake agreements. All references to Enrollee include the Enrollee and as applicable any of the Enrollee’s authorized representatives.

1.0	Definitions
1.1	<p>Service Definition</p> <p>Community Supported Living (CSL) is a collaborative effort for members living in an unlicensed or uncertified setting of their choosing. It offers flexible services, both planned and unplanned, tailored to meet the member’s individualized outcomes while maximizing member strengths. It is a partnership between the member, paid supports, and unpaid supports who work together to ensure the appropriate level of assistance. Community Supported Living creates a balance between autonomy and risk while facilitating community inclusion.</p> <p>Community Supported Living services can include support with daily activities, personal cares, transportation, and supervision. CSL supports can vary from a few hours per day or week, up to multiple visits per day, depending on the needs of the member.</p>
2.0	Service Description/ Requirements
2.1	<p>Each CSL provider shall provide a full range of program support services based on the needs of the member and consistent with the outcome based CSL plan.</p> <ul style="list-style-type: none">• Program Services• Training and Support of Activities related to Independent Living - personal hygiene, community integration and resources, interpersonal relationships, personal safety, home safety and emergency response skills.• Assistance with Activities of Daily Living - personal care and hygiene, general chores and housekeeping, meal preparation and transportation. Support should include observing Enrollee and offering cues to Enrollee to complete activities of daily living• Health Monitoring- services may include supporting Enrollee in coordination of medical appointments, accompanying Enrollee to medical service when necessary and keeping a record of medical appointments, reports and recommendations.• Health and Wellness – services may include education and support on physical exercise and nutrition plans and choices. Enrollees may also receive training on basic first aid and illness recognition and treatment, including at-home treatment and when to see a doctor.

	<ul style="list-style-type: none"> • Financial Management: Education and/or support of budgeting, money management, and risks or responsibilities of credit. • Medication management/Administration education and/or support to create • Independence. Providing medication reminders and observation of self-administration. Manage prescriptions and refills, secure storage/set-up and administer medications with RN oversight when applicable. • Medical appointment support: assistance with scheduling, understanding the content of and attending medical appointments. • Community Inclusion: Support the member in identifying activities, groups, or volunteer opportunities the member desires to engage in. Assist the member in making the connections and coordinating their participation, to include accompanying the member initially or ongoing if necessary. It is not an activity organized by the provider, rather an activity occurring in the community or hosted by another entity. • Transportation: Medical and non-medical transportation support will be determined as part of the assessment process. If individual transportation needs exceed a 20-mile radius and more than five trips per month this would be considered excessive transportation and can be captured as such on the task assessment. • Emergency and Crisis Support- Provider offers 24/7 response to members in the event that unplanned or unexpected needs for support arise. • Intermittent Major Household Tasks – periodic or seasonal activities such as yard work, spring cleaning, snow removal, cleaning carpets, defrosting refrigerator, packing for a move, etc. may be supported by Provider if identified as member’s outcome. • Assistive Technology – Providers may leverage technology to enhance safety and independence through the less invasive and less disruptive means afforded by technology. Notifications from assistive technology devices such as PERS or remote support options will go to the CSL provider for response and support. Technology should be considered as a part of member’s plan to achieve maximum independence while assuring safety.
2.2	<p>Supplemental Services</p> <ul style="list-style-type: none"> • Behavioral Support – Includes implementing an effective and inclusive behavioral support plan, significant need for increased staff time for supervision, redirection, and teaching of coping skills/processing behavior choices. Members must have a behavioral acuity score that supports the need for enhanced behavioral • supports. Provider will participate with the member’s team in the development and implementation of Behavioral Support Plans. • RN Skilled Nursing – RN required services including specialized care, clinical notes and other services within the scope of RN licensure shall be provided by or under the supervision of a Registered Nurse. Nursing Care Registered Nurse (RN) as defined in Wis. Admin. Code § DHS 133.14: • The Provider is responsible for providing any personal protective equipment required by OSHA guidelines for the provision of supports and services. Supply costs, such as gloves worn by staff for personal protection are included in the daily support rate.
2.3	<p>The focus of some services and supports will be to achieve optimal independence by developing independent living skills, participating in meaningful employment, and identifying valuable community resources. Services and supports may also focus on rehabilitation, prevention, and development of new or enhanced skills to cope with declining health and ability.</p>

	<p>The CSL program is designed to promote an individual’s independence as much as possible. This requires service providers to have a reframed perspective from a more traditional residential or Supportive Home Care model. Provider Agencies must ensure that staff have the skills and training to promote individual strengths, personal choice, decision making, and personal control of one’s life.</p>																
2.4	<p>Another key component of Community Supported Living is the right of choice in service provider. Members receiving supports in Community Supported Living have the right to choose from any available provider subcontracted with MCO.</p>																
2.5	<p>Provider is expected to:</p> <ul style="list-style-type: none">• maintain cost effectiveness by providing only minimum supports needed for maximum independence.• Utilize measurable outcomes with the expectation of fading paid supports as the member becomes more independent.• Develop relationships and natural supports beyond paid staff.• Maximize use of current technologies available.

3.3	<p>Electronic Visit Verification (EVV) Electronic Visit Verification (EVV) is a system that uses technology to verify that authorized services are provided. Through EVV, a worker providing personal care services or applicable supportive home care services sends visit data to an EVV vendor at the beginning and end of each visit using methods such as a mobile application, a home phone (landline or fixed Voice over Internet Protocol [VoIP]), or fixed device.</p> <p>CSL agencies are required to use EVV to report member visits for the designated codes. CSL agencies will have the choice of using the EVV system developed by WI Department of Health Services (DHS) or their own existing EVV system as long as it meets DHS policy and technical requirements. Data collected from the EVV system will be used to validate affected service codes against approved authorizations during the claim adjudication process.</p>																

3.4	<p>Remote Waiver Services and Interactive Telehealth Provider must include modifier 95 when submitting claims for services that are delivered remotely or through telehealth.</p> <p>Remote Waiver Services and Interactive Telehealth Provider may not require members to receive a service via interactive telehealth or remotely if in person service is an option.</p> <p>Remote waiver services are waiver services delivered using audiovisual communication technology that permits 2-way, real-time, interactive communications between a provider and a member. Remote waiver services do not include communications delivered solely by audio-only telephone, facsimile machine, or electronic mail.</p> <p>To authorize a waiver service for remote delivery, the IDT must:</p> <ul style="list-style-type: none"> • Determine that the service can be delivered remotely with functional equivalence to face to face as the in-person service. Functional equivalence exists when there is no reduction in quality, safety, or effectiveness of the in-person service because it is delivered by using audiovisual telecommunication technology. • Obtain informed consent from the member to receive the service remotely. • Determine that the member has the proper equipment and connectivity to participate in the service remotely. The MCO is not required to provide the proper equipment and connectivity to enable the member to access the service remotely. State Plan Services Via Interactive Telehealth Interactive telehealth is telehealth delivered using multimedia communication technology that permits 2-way, real-time, interactive communications between a certified provider of Medical Assistance at a distant site and the Medical Assistance recipient or the recipient's provider.
